

Simple. Secure.
Reliable messaging.

With WhatsApp, you'll get fast, simple, secure messaging and calling for free*, available on phones all over the world.

* Data charges may apply. Contact your provider for details.

END-TO-END ENCRYPTION

Security by Default

Some of your most personal moments are shared on WhatsApp, which is why we built end-to-end encryption into the latest versions of our app. When end-to-end encrypted, your messages and calls are secured so only you and the person you're communicating with can read or listen to them, and nobody in between, not even WhatsApp.
